Our General Membership meeting will be held April 9th 2018 at the Fanshawe College Transportation Building

John and Abe Klassen along with **Greg Lawrie** will be our hosts and presenters for the April meeting and they will give us details on how mobile rust control can solve corrosion problems on your equipment and learn what sets **Pro Fleet Care** apart of the competition.

Meet and greet at 6:00 pm, followed by our general meeting at 7 pm
Members please **RSVP** for all meetings, plan to attend and support our sponsors

Associate Committee

We are happy to report that we have already secured sponsors, which also include some of our newest associates, for many of our monthly 2019 General Membership meetings. So if you are interested in sponsoring one of the few dates that remain open, please do not hesitate to contact Pat McKenzie our representative.

We still have some outstanding invoices for the **2019 association membership** and ask you to please update us if you have not received your 2019 receipt. Thank you again for keeping our membership healthy.

THOUGHT FOR THE MONTH

“Humility is not thinking less of yourself, it's thinking of yourself less.” – CS Lewis

Our host and Owner of **NLS Products**, **Eric Craig** gave us a very informative and well presented evening on a few of the multitude of products that **NLS** has to offer. Eric started off by introducing his area manager **Darrell Ferriss**. Eric went into detail about the different types of coolant and the proper coolant test strips that have to be used to get the proper results from the test. He also stressed how important the test results can be to protect your engine and what can happen when coolants are mixed. To help us sort out the different coolants and the appropriate test strips to be used, Darrell and Eric handed out printed information sheets that clearly define the differences. Information sheets presented at the meeting will be added on our TMTA website. **NLS** carries **nine** different test strips to check your vehicle fluids and they have the knowledge and experience to get the proper results. NLS is very diversified and supplies many other products to fill your needs in the industry. One of their favorite products is **Fluid Film**. Did you know that there are different types of Fluid Film and that it is used by the USA Navy? NLS is happy to help you pick the best one to use depending on your application. Eric and Darrell wanted to tell us about one other exciting chemical that is used to seal any tire on any vehicle. It is called **Liquitube** and they had video evidence on how it works. Liquitube will never go hard, extends the life of your tires and it just uses water for easy clean up. Eric stated that it is extremely important to use the right amount of Liquitube in the tire and they provide a chart that covers all tire sizes. To top off the evening Eric and Darrell handed out amazing sample bags of many of the NLS products for us to try. For additional information then please contact: mail@nlsproducts.ca or 705-738-2321

Our History

The executive team has been working with our records and senior members to detail our history back to 1947. They are compiling pictures and membership information to add to the historical data. If you have information to share then please contact Don Clarke and Harry Beukeboom

GOLF NEWS

Tickets are on sale for the **2019 TMTA London Golf Tournament**. It will be held **September 11th, 11am** at **Pine Knot Golf and Country Club**. Ticket prices are still \$110 and that includes cart, green fees and a fantastic meal. We expect another fantastic golf day with all our friends of the TMTA. We sold out last few years so please get your tickets early so you don't miss out on this wonderful tournament.

Thank you to **Tubby's Truck, Trailer and Tire Service** for sponsoring ticket printing

Welcome to Our New Members

Darrell Ferriss – NLS products
John Klassen- Pro Fleet Care

Transportation Employers

Please contact Trevor Williams at Fanshawe College today to share your knowledge about students in our trade and help them to excel in the workforce!
