We have plans to have a special online video training meeting showing features of the new **ACOM-PRO** Diagnostics software from **Bendix CVS Canada**. **Pierre Brideau** will show us the increased functionality of the software and how to perform parameter changes in collision mitigation including proper adjustment procedures of the Collision Mitigation radar. We are scheduling the meeting around a special vehicle, and we hope to be able to present it to you in September or early October depending on availability.

Charity News 2021

It is getting closer to the deadline for our for the 2021 charity submissions and we ask that you please contact with your local charity and let them know that if we pick your charity that they must be available to accept our donation and share the charity details on how they use donations. Please let us know about your suggestion as soon as possible so we have time to properly explore the charity.

Associate Committee

At this time all 2021 in person sponsor dates are on hold. We are having some of our associates hold online meetings and training sessions until we can get back to regular meetings. Our Associate representative, **Pat McKenzie** is always there to answer your sponsor questions

OUR FAVORITE CATERER

Belmont Catering is open for pickup orders Wednesday and Saturday. Please consider making a order and support this fine family business. Facebook@Belmonttownrestaurant andcatering. 519-644-1726

We hope you have had a good summer and that you and your family are staying healthy. We have a few news items to share. First off we have secured **Tamarack Ridge Golf Club** for our **2021 TMTA London golf tournament**. **Tamarack** has offered us up to 100 golfers for a shotgun start at **11am September 15th**. We are reserving spots for \$110 per person which includes Golf, Cart and a fantastic meal. We will still be donating to our sponsored charity from the tournament. Please feel free to send us a note with any questions. We know this might be scaled back a bit from our regular tournaments, but we want to have something special for our members and we will try our best. Thank you for our supporting sponsors. If you or your company is interested in reserving, then please email us directly or let an executive member know your intentions.

The second item we are reporting is that we are hoping that as regulations loosen, we are gearing up in preparation of our regular meeting in the future. We all understand that depends on what happens with the provincial regulations and what is allowed from lamplighter, but we want you to know that sponsors are coming forward to tell us that they are preparing for a return to normal life. In the meantime we will try to give our members the free training offered by our wonderful sponsors.

HEALTH, CARE & HAPPINESS

We are excited to tell you that our friend, **Jeff Ste. Marie** has joined the executive on the Health, Care and Happiness Committee. Jeff has always been a wonderful supporter of the TMTA and we ask you to welcome him and share great news events as well as any the health challenges. If you had a new baby, marriage, grandchild or any other personal or company good news, then please let him know today. Our association is about friends working together to accomplish great things and sharing the good and sad experiences together. Please feel free to talk to us about anything new that is happening in your life and remember that we will only share details that you approve of to keep your TMTA friends updated.
jeffste.marie@yahoo.com

MEMBERSHIP NEWS

Our executive committees has chosen to apply **all paid 2020 membership fees to cover 2021**. All other members who have not yet paid will be receiving an invoice for 2021. All members will be kept in good standing. If you would like to pay your membership or have questions, then please reach out to **Danny Devincenzo** or one of our executive team. Thank you everyone for supporting our association.

Next Directors' Meeting

September, 2021

General Meeting Reminder

Scheduled for 2nd Tuesday of each month except in extreme circumstances.

Canadian History News

We hope you have heard about the exciting news about our famous WWII tank called the “Holy Roller”. Fanshawe College is hosting the tank while it is being restored and the Holy Roller volunteer team is working hard to dismantle our historic tank to prepare for the rebuilding of the tank hull. Check out the latest news here:

Next Directors' Meeting

September, 2021

General Meeting Reminder

Scheduled for 2nd Tuesday of each month except in extreme circumstances

THOUGHT FOR THE MONTH

Lack of knowledge leads to lack of confidence. Whatever areas of your life that are bound by insecurity can be set free by learning.

William Clark; Wendy Larson

We continue to look to the fall of 2021 with hope for a better year when we can come together at our regular meetings. We have some ideas and plans on how we will network during COVID, but we would also like to hear your ideas. Also, if you need help with a communication technical issue, then let us know. Our team has had a lot of practice in all the formats, and we are willing to help. Please stay healthy while communicating the best we can with friends and family. We are continuing to help our members connect and ask you to take a moment to share anything special that is going on at your company. Please support our member companies and thank front line workers at every opportunity.

Our History

The executive team is working with our records and senior members to detail our history back to 1947. They are compiling pictures and member information to add to the historical data. If you have information to share then please contact Don Clarke and Harry Beukeboom

TMTA LONDON Safety News

We have two important safety items that we want to focus on this month. The first one is Effective July 1, 2022, individuals completing the Class A or Class A restricted (AR) road test in a vehicle with an automatic transmission, including semi-automatic and automated-manual transmissions, will be restricted from operating Class A/AR vehicles with a manual transmission and only permitted to operate automatic, semi-automatic and automated-manual transmission Class A/AR vehicles. This restriction will be added to their driver record and will appear on the front of the driver's licence card as “REST/COND G” and “Restr Class/Categ. Avec restr” on the back of the card. The restriction applies to Class A/AR only and will not apply when operating lower-class vehicles (e.g., Class G/D).

Another vital point of interest is More than 40,000 commercial motor vehicle inspections were conducted May 4-6 for International Roadcheck, the Commercial Vehicle Safety Alliance's (CVSA) annual high-volume, high-visibility inspection and enforcement initiative. Approximately 83.5% of the commercial motor vehicles examined had no out-of-service (OOS) violations.

<https://www.cvsa.org/news/2021-roadcheck-results/>
