Please take note that our **March 14th** General Membership meeting will be held at the Fanshawe College Transportation Building, 1764 Oxford Street east, London Ontario. We are very fortunate to have Dave Gourlay, National sales Manager of John Bean Canada, giving the presentation and training of the ADAS system along with a new digital alignment machine. With his vast knowledge and experience, Dave will be able to pass on valuable alignment tips.

Meet and greet at 6:00 pm, training meeting at 7 pm. Members please **RSVP** for all meetings, plan to attend, bring a guest and support our sponsors!

Health, Care & Happiness

Your TMTA seeks to celebrate and support the milestones in our members lives. From cradle to grave, our lives are filled with significant events that we would like to share with one another. If you are celebrating the birth of a child or grandchild, recognizing a marriage or significant wedding anniversary, or grieving the loss of a loved one, please contact Jeff Ste. Marie at jeffste.marie@yahoo.com.

Golf News 2023

We are all set to start selling tickets for our 2023 golf tournament. Our event will be held September 13th at the **Tamarack Ridge Golf Club** Please plan on supporting our event and submit your favorite charity for consideration.

Dave Gourlay, national sales manager of **John Bean Canada**, will be presenting the **ADAS** system.

Commonly referred to as drivers' aids or safety systems, Advanced Driver Assistance Systems (ADAS) creates a better driving experience by helping drivers navigate challenges as well as protect them and others from harmful actions and collisions. These systems include, but are not limited to, lane departure warning, collision warning, adaptive cruise control, adaptive light control, automatic braking, automatic parking and blind spot detection. Dave is also going to display the brand new V2180 tablet-controlled wheel aligner. It is the perfect solution for alignment functionality in a compact, flexible design. This is going to be an important training meeting that everyone is welcome to be part of, so please feel free to invite any techs that will benefit from the training

Associate Committee

We are excited to let you know that **Navistar/Carrier Trucks Centre** has stepped up to be our sponsor for April. Please do not hesitate to contact Pat McKenzie our associate representative if you are interested in sponsoring a 2023 meeting and we will do our best to fit you in.

THOUGHT FOR THE MONTH

As a note of caution for this month about scams. Members are getting many emails that look like they are coming from **Netflix and Interac**. Please never click on them and only access your accounts directly and never through the emails

MEMBERSHIP NEWS

We had a few changes on our executive group and we would like to take a moment to say a huge thank you to **Danny Devincenzo** for all the work he has done over the years to support us on the membership committee. There has been a major expansion at Danny's office which has greatly increased his workload and unfortunately has forced Danny to step down as the membership committee lead. However, he has agreed to help our new membership executive. On that note, please welcome **Mike McCarty** to our executive team. Mike brings over 25 years of executive leadership experience in the transportation sector with Pollock National Lease, Ryder Canada, and Carrier Centers as Executive Vice President until his retirement in September. He is currently working as a transportation Service Consultant assisting area companies with strategic planning, recruitment, and change management initiatives to improve efficiencies. When he is not working, he can be found enjoying a sporting event, playing golf, or on a long bike ride through the back roads of Mount Brvdges.

Next Directors' Meeting

March 28th, 2023

General Meeting: 2nd Tuesday of each month
